A Brown Bomb Squad custom vehicle keeps your vital equipment right where it needs to be at all times.

How do we know? Because that's the way you designed it. Brown Specialty Vehicles doesn't offer a one-size-fits-all solution. Every Brown Specialty Vehicle is created by working with you, the end user, to determine exactly what you need in a vehicle to work most efficiently. So in times of crisis you don't have to worry about whether or not you can find the tool you need—it's right where you want it to be.
