Brown Mobile Medical Vehicles combine sixty-plus years of vehicle body building experience with the latest in medical technologies to create the perfect mobile clinic or examination facility. We design our interiors to create a warm friendly atmosphere so that patients will have a stress free visit, yet build them out of anti-bacteriostat and anti-microbial materials to create spaces that are safe and easy to maintain. All floor plans are ergonomically designed to make maximum use of limited space. Whether you vehicle is used as a bloodmobile, a MRI, CT, PET, Nuclear Medicine facility or any other type of mobile clinic, we can help you get exactly the facility you want.
